Height	**850 - 895 mm**
Width	**597 mm**
Depth	**599 mm**

FEATURES & BENEFITS

Effective Dishwashing

This spacious, stylish dishwasher is available in black and Satina to match with any kitchen design. Make the washing up easy with an adjustable upper basket to fit tall dishes, six wash programs and four advanced modifiers including Half Load, Sanitise and +Dry.

Auto Wash Sensing

The Auto Wash program uses sensors to detect how dirty your dishes are and set the ideal wash, reducing unnecessary water and energy use for a more efficient clean.

Flexible Loading

Featuring a generous capacity, this dishwasher also has a height-adjustable upper basket to make room for tall dishes up to 32cm in the lower basket, plus foldable cup racks and tines for even more flexibility.

Choose Your Wash

With six wash programs to choose from, including a 60-minute cycle, Glass, and Eco wash, which is designed to use less water and energy.

Advanced Wash Modifiers

Enhance your wash with our four advanced modifiers. Intensive helps to remove stubborn food, +Dry adds an enhanced dry that's great for plastics, and Half Load is ideal for fewer dishes, perfect for breakfast cleanup or entertaining.

Thermodry Technology

The specialised ThermoDry system delivers drier dishes by channelling moisture away after the final hot rinse using natural condensation, efficiently removing moisture so your dishes come out ready to be put away.
