573L 600 Series Quad Door Refrigerator Freezer, Ice & Water, Plumbed

600 Series

Silver

With 573L of capacity, a slimline plumbed water dispenser and automatic ice maker, this large household fridge includes full backlit LED lighting, Active Fresh Zone for longer-lasting freshness, and SmartHQ™ connectivity to manage your fridge from your phone.

- 573L total capacity keeps fresh food and frozen favourites organised
- Slimline plumbed water dispenser, plus automatic ice in the freezer
- Air Fresh Tech cools fridge evenly; Active Fresh Zone keeps produce fresh for longer
- Flush doors, recessed handles and full backlit LED lighting bring a considered finish to your kitchen
- Wi-Fi connected for remote control and helpful alerts through the SmartHQ™ app

DIMENSIONS

Height	**1790 mm**
Width	**830 mm**
Depth	**738 mm**

FEATURES & BENEFITS

A full shop in. A full week out

Everything organised for the days ahead. 573L of capacity gives fresh and frozen food their own defined space, so what you need stays easy to find through the week. A slim plumbed dispenser and automatic ice maker keep chilled water and cubed ice ready when you need them, while four flush doors in fingerprint-resistant Satina bring a clean, considered finish to your kitchen.

Cold water on tap, ice on hand

Pour a glass from the door, while an automatic ice maker in the freezer keeps ice ready for everyday drinks and weekend hosting. Built flat into the door, the slimline water dispenser gives you chilled filtered water on hand while keeping the front looking clean and streamlined.

Energy-efficient cooling, built in

With a 5-star energy rating, it's designed to cool efficiently. The inverter compressor adjusts to the way your home changes through the day, working harder on a hot afternoon and easing back overnight to suit the rhythm of the day.

Keep food fresh for longer

The right conditions make all the difference. Air Fresh Tech helps distribute cooling more evenly throughout the fridge, so everyday food gets more consistent cooling wherever it's stored. In the Active Fresh Zone, humidity is maintained up to 90%, helping preserve fresh produce for longer. Fresh groceries are easier to manage through the week.

Lock in flavour, fast

Super Freeze™ rapidly lowers the freezer temperature, so food freezes faster and forms smaller ice crystals to help maintain texture once thawed. Super Cool helps chill newly added groceries quickly. And with Total No Frost preventing ice build-up, the freezer stays frost-free without the need to defrost.

Shelves that make space

A 2L bottle of milk. A leftover roast still in its dish. The big things you actually buy need space that works around them, so adjustable glass shelves let you shift the layout to suit the shop, not the other way around. Full backlit LED lighting gradually illuminates the interior, washing every corner in an even brightness so everything is easy to see and reach.

Connected with SmartHQ™

With Wi-Fi connectivity, you can pre-cool the fridge before a big shop, get an alert if the door's been left open, or switch modes in the SmartHQ™ app. Whether you're at home or away, you can manage your fridge around your routine.
