FEATURES & BENEFITS

Steam assisted cooking

Expand your cooking capabilities with two basic steam assist functions, Bake+Steam and Vegetables+Steam. These functions use water poured into the oven cavity to create humidity in your oven, for the perfect crispy crust, deliciously moist cake or crunchy vegetables – cooking evenly and quickly while preserving flavour and nutrients.

Healthier cooking with Air Fry

The options are endless with our dedicated Air Fry oven function. Re-create your favourite fried foods with less oil, or discover healthier recipes with a satisfying crunch.

Specialised oven functions

Bring your culinary creativity to life with the help of 12 oven functions, letting you Air Fry, steam vegetables, Proof bread and so much more.

Intuitive control

Simple dials and a convenient touch display provide easy control over your cooking. Time your cooking effortlessly using the minute timer or program your cooking duration.

Elevated Design

Strong and absolute, our monochromatic black glass oven can recede into dark kitchen environments or create a point of contrast to lighter tones. A linear square handle adds a refined finish to complement modern kitchen designs.
