672L 500 Series Quad Door Refrigerator Freezer, Ice & Water, Non-plumbed

500 Series

Satina

With 672L of capacity, a slimline non-plumbed water dispenser at the door and automatic ice maker at the freezer, and a 5-star energy rating, this large household fridge includes My Zone™ temperature control and Active Fresh Zone for longer-lasting freshness.

- 672L total capacity keeps fresh food and frozen favourites organised
- Non-plumbed cold water at the door, plus automatic ice in the freezer
- Choose from three preset My Zone™ temperature settings for drinks, seafood and meat
- Air Fresh Tech cools fridge evenly; Active Fresh Zone keeps produce fresh for longer
- Wi-Fi connected for remote control and helpful alerts through the SmartHQ™ app

DIMENSIONS

Height	**1790 mm**
Width	**905 mm**
Depth	**738 mm**

FEATURES & BENEFITS

All in. All week.

Built for the big shop and the days that follow. 672L of capacity gives fresh and frozen food their own organised space, so everything stays easy to find through the week. Cantilevered shelves adjust to suit a roast, a sheet pan, or a tall jug, while the non-plumbed dispenser keeps chilled water within easy reach. Four flush doors in fingerprint-resistant Satina complete the look with a clean, streamlined finish.

Cold water on tap, ice on hand

Top up the internal tank and pour cold water from the slimline door dispenser, while an automatic ice maker in the freezer keeps cubed ice ready between uses. It's an easy way to stay stocked for everyday drinks, family dinners and whatever the week brings.

Energy-efficient cooling, built in

With a 5-star energy rating, it's designed to cool efficiently. The inverter compressor adjusts to the way your home changes through the day, working harder on a hot afternoon and easing back overnight to suit the rhythm of the day.

Keep food fresh for longer

The right conditions make all the difference. A My Zone™ adjustable-temperature drawer offers three presets for tailored food care, ideal for fruit and vegetables, meat or seafood, or for storing drinks. Air Fresh Tech circulates cool air throughout the fridge, helping everyday food get more consistent cooling wherever it's stored. In the Active Fresh Zone, humidity is maintained up to 90%, helping preserve fresh produce for up to twice as long*. Fresh groceries are easier to manage through the week.
*As certified by VDE N° ID.40046454

Lock in flavour, fast

Super Freeze™ rapidly lowers the freezer temperature, so food freezes faster and forms smaller ice crystals to help maintain texture once thawed. Super Cool helps chill newly added groceries quickly. And with Total No Frost preventing ice build-up, the freezer stays frost-free without the need to defrost.

Clever with capacity

A 2L bottle of milk. A leftover roast still in its dish. With cantilevered hybrid shelving, the fridge flexes around real life, letting you adjust the layout to fit taller bottles, wider dishes and everything in between. Interior LED lighting in the fridge makes every corner easy to see, so fewer leftovers get lost at the back.

Connected with SmartHQ™

With Wi-Fi connectivity, you can pre-cool the fridge before a big shop, get an alert if the door's been left open, or switch modes in the SmartHQ™ app. Whether you're at home or away, you can manage your fridge around your routine.

SPECIFICATIONS

Capacity

Volume freezer	**287 L**
Volume refrigerator	**385 L**

Consumption

Annual energy consumption	**372 kWh/year**
