FEATURES & BENEFITS

Reduce energy use by up to 60%*

Keeping on top of your laundry and energy bills can be tough. This spacious 8-star energy-rated dryer makes it easier. With its 8kg capacity, it can handle big loads, while Heat Pump technology recirculates air to dry clothes at lower temperatures, which is better for your clothes and energy use. It is designed to help reduce running costs by up to 60 percent compared to a vented dryer.* *Based on kWh consumption displayed in energy labels, electricity price of $0.25 per kWh, and compared to Haier Vented Dryer HDV70AWW1.

Designed for real homes

At just 586mm deep, this slimline dryer fits easily into shallow cabinetry and compact spaces. With no venting required, it's simple to install anywhere in your home. Available in Dark or White, with a convenient drum light and modern touch controls, it's designed to complement any Haier washing machine and make laundry feel effortless.

Gentle care for your clothes

With 14 drying cycles, from Bedding to Shirts, this Heat Pump Dryer is built for busy households. It dries at low temperatures to help protect fabrics and reduce wear over time, while the Sanitise option helps remove more than 99.9% of bacteria.* Clothes come out dry, fresh, and ready to iron. *Independently tested to eliminate greater than 99.99% of staphylococcus aureus and E. coli using the Cotton cycle + Sanitise wash option

Allergy care for peace of mind

Allergy Care combines gentle heat with a longer cycle time to help eliminate common allergens. It's designed to give you confidence that your clothes will feel as good as they look every time you wear them.

Tumble-free rack drying

Perfect for items that can't be tumbled, the Rack Dry cycle lets you gently dry shoes, hats, jumpers, and delicates using a specially designed rack that fits inside the drum.

The world's #1 home appliance brand*

Haier is the world's number one Major Appliance brand*, and has been for 16 years running. With our global network, trusted technology and local expertise, Haier is a name you can rely on. *Source: Euromonitor International Limited; Consumer Appliances 2025ed, % unit share, 2024 volume sales data. Major Appliances category is the sum of dishwashers, home laundry appliances, large cooking appliances, microwaves and refrigeration appliances. Volume sales refer to sales in retail and construction channels.
