FEATURES & BENEFITS

A function for every food

Ten cooking functions including specialised Pastry Plus, for a golden pastry crust on the top and bottom.

Simple cleaning

The Pyrolytic Self-cleaning function, in either Eco or Super Clean mode, breaks down food residue at a very high temperature. The removable door and side racks make a deep clean even easier.

Clever accessories

Cook a Sunday roast for friends or family with the help of the clever Rotisserie, which rotates meat slowly, helping to keep your roast moist. Then, use the Food Probe to accurately check the temperature so you know exactly when it's ready.

Stylish design

A refined black-glass design gives a modern finish to your kitchen, making this oven perfect for matching with a Haier induction cooktop.

Safety features

Designed for safety with a child lock and cool-to-touch oven door. The non-tip shelf safety system and telescopic guides make pulling out hot dishes easy.
