Width	**595 mm**
Depth	**586 mm**

FEATURES & BENEFITS

Reduce energy use by up to 60%*

Keeping on top of your laundry and energy bills can be tough. This spacious 8-star energy-rated dryer makes it easier. With its 8kg capacity, it can handle big loads, while Heat Pump technology recirculates air to dry clothes at lower temperatures, which is better for your clothes and energy use. It is designed to help reduce running costs by up to 60 percent compared to a vented dryer.* *Based on kWh consumption displayed in energy labels, electricity price of $0.25 per kWh, and compared to Haier Vented Dryer HDV70AWW1.

Fewer tangles with Ultra Reverse Drum

Enjoy fewer tangles and more even drying with Haier's Ultra Reverse Drum. It changes direction throughout the cycle to help stop clothes from twisting and sheets from bunching together, so every load comes out smooth and ready to wear.

Designed for real homes

At just 586mm deep, this slimline dryer fits easily into shallow cabinetry and compact spaces, and no venting required, you can install it anywhere in your home. Available in Dark or White, with a convenient drum light and modern touch controls, it's designed to complement any Haier washing machine and make laundry feel effortless.

Allergy care for peace of mind

Allergy Care combines gentle heat with a longer cycle time to help eliminate common allergens. It's designed to give you confidence that your clothes will feel as good as they look every time you wear them.

Gentle care for handwash woollens

The dedicated Wool cycle is designed to gently dry delicate, handwash-only garments. Woolmark Blue certified, it helps protect jumpers, coats, and other precious wool items from shrinking or stretching, keeping them looking and feeling their best.

Tumble-free rack drying

Perfect for items that can't be tumbled, the Rack Dry cycle lets you gently dry shoes, hats, jumpers, and delicates using a specially designed rack that fits inside the drum.

The world's #1 home appliance brand*

Haier is the world's number one Major Appliance brand*, and has been for 16 years running. With our global network, trusted technology and local expertise, Haier is a name you can rely on. *Source: Euromonitor International Limited; Consumer Appliances 2025ed, % unit share, 2024 volume sales data. Major Appliances category is the sum of dishwashers, home laundry appliances, large cooking appliances, microwaves and refrigeration appliances. Volume sales refer to sales in retail and construction channels.
