523L 300 Series Side-by-Side Refrigerator Freezer, Water, Non-plumbed

300 Series

Black | Side-by-side hinge

Designed for everyday living, this side by side refrigerator combines generous freezer space with fast cooling functions and practical storage. Enjoy chilled water on demand with a non-plumbed water dispenser, supported by a 4.5-star energy rating.

- Full height freezer storage in a side by side format makes it easy to organise weekly shops
- SuperFreeze™ function helps lock in freshness when freezing food
- Non-plumbed water dispenser offers chilled water with an easy-to-refill 3.5L internal tank
- Frost free freezer operation keeps maintenance simple with no manual defrosting

DIMENSIONS

Height	**1775 mm**
Width	**905 mm**
Depth	**647 mm**

FEATURES & BENEFITS

Side by side flexibility

A 60:40 fridge to freezer split makes the most of the side by side format, while shelving, drawers, and an egg tray keep everyday essentials organised and within easy reach. Finished with a flat door design and external control panel for a modern look.

Freshness for the long haul

SuperFreeze™ function in the freezer rapidly lowers the temperature to help lock in nutrients, while the Super Cool function chills newly added groceries faster, for lasting freshness.

Cold water on tap

A through door 3.5L water dispenser makes it easy to enjoy chilled water. The internal water tank is simple to refill and does not require plumbing, supporting flexible installation.

Even cooling

Multi-Zone Air circulates cool air evenly throughout the refrigerator, helping maintain a stable temperature for everyday food storage.

Frost-free freezing

Total No Frost technology keeps cold air circulating evenly to help prevent ice build up, so there's no need for manual defrosting.

External Temperature Control

Intuitive controls on the door make it easy to manage settings while keeping cold air inside.

Considered design

A flat door with a full-width recessed handle creates a clean, modern look that blends seamlessly into any space.

SPECIFICATIONS

Capacity
