624L 600 Series Quad Door Refrigerator Freezer, Ice & Water, Plumbed, In-door

600 Series

Black

With 624L of capacity and plumbed in-door chilled water and a choice of crisp, pure crushed or cubed ice, this large household fridge includes full backlit LED lighting, My Zone™ temperature control and Active Fresh Zone for longer-lasting freshness.

- 624L total capacity plus full backlit LED lighting keeps fresh food visible and organised
- Plumbed in-door chilled water, crushed and cubed ice with PureSpace Ice
- Choose from three preset My Zone™ temperature settings for drinks, seafood and meat
- Air Fresh Tech cools fridge evenly; Active Fresh Zone keeps produce fresh for longer
- Wi-Fi connected for remote control and helpful alerts through the SmartHQ™ app

DIMENSIONS

Height	**1790 mm**
Width	**905 mm**
Depth	**738 mm**

FEATURES & BENEFITS

See everything. Reach everything.

What you need stays in view. Big shops are easy with 624L of capacity, keeping fresh food up top and frozen items below, so everyday essentials stay visible and easy to reach. Cantilevered shelves adjust to suit a roast, a sheet pan, or a tall jug, while full backlit LED lighting illuminates the whole fridge to keep everything easy to find. From the outside, four flush doors in fingerprint-resistant black finish sit flat against the kitchen.

Fully sealed ice making for refreshing drinks

With PureSpace Ice, a dedicated, isolated ice-making system helps keep ice separate from food odours, for fresh-tasting ice in every glass. At the door, chilled filtered water, cubed ice and crushed ice are ready whenever the moment calls for them, from busy mornings to family dinners and entertaining.

Energy-efficient cooling, built in

With a 4-star energy rating, it's designed to cool efficiently. The inverter compressor adjusts to the way your home changes through the day, working harder on a hot afternoon and easing back overnight to suit the rhythm of the day.

Keep food fresh for longer

The right conditions make all the difference. A My Zone™ adjustable-temperature drawer offers three presets for tailored food care, ideal for fruit and vegetables, meat or seafood, or for storing drinks. Air Fresh Tech circulates cool air throughout the fridge, helping everyday food get more consistent cooling wherever it's stored. In the Active Fresh Zone, humidity is maintained up to 90%, helping preserve fresh produce for up to twice as long*. Fresh groceries are easier to manage through the week.
*As certified by VDE N° ID.40046454

Lock in flavour, fast

Super Freeze™ rapidly lowers the freezer temperature, so food freezes faster and forms smaller ice crystals to help maintain texture once thawed. Super Cool helps chill newly added groceries quickly. And with Total No Frost preventing ice build-up, the freezer stays frost-free without the need to defrost.

Clever with capacity

A 2L bottle of milk. A leftover roast still in its dish. With cantilevered hybrid shelving, the fridge flexes around real life, letting you adjust the layout to fit taller bottles, wider dishes and everything in between. Full backlit LED lighting gradually illuminates the interior, washing every corner in an even brightness so everything is easy to see and reach.

Connected with SmartHQ™

With Wi-Fi connectivity, you can pre-cool the fridge before a big shop, get an alert if the door's been left open, or switch modes in the SmartHQ™ app. Whether you're at home or away, you can manage your fridge around your routine.
