661L 500 Series Side-by-Side Refrigerator Freezer, Water, Non-plumbed

500 Series

Satina | Side-by-side hinge

Combining generous capacity with a 60:40 fridge to freezer split, this model delivers generous, organised storage, chilled water on tap from a non-plumbed internal tank, and Haier's Fresher Techs™ to help keep food fresher for longer.

- 661L total capacity with a 60:40 fridge to freezer split
- Non-plumbed slim water dispenser offers chilled water from an easy-to-refill internal tank
- Energy-efficient design with a 5-star rating
- Active Fresh Zone and Metal Fresh Tech keep food fresh for longer
- Wi-Fi connected for remote control and helpful alerts using the SmartHQ™ app

DIMENSIONS

Height	**1790 mm**
Width	**905 mm**
Depth	**738 mm**

FEATURES & BENEFITS

Load up on flexibility

Live well, with more space. With 661L of well-organised side-by-side storage and a 60:40 fridge-to-freezer split, this refrigerator is designed to adapt to the way you live. Enjoy easy access to chilled water without the need for plumbing, while the spacious interior gives you room for everyday groceries, frozen favourites and more. A flat door design with recessed handles keeps the look streamlined and modern in the kitchen.

Chilled water on tap

Enjoy chilled water on hand, without the need for plumbing. The slim door water dispenser and easy-refill internal tank make it simple to stay refreshed throughout the day. It's a small convenience that quickly becomes part of everyday life.

Energy-efficient cooling, built in

With a 5-star energy rating, it's designed to cool efficiently. The inverter compressor adjusts to the way your home changes through the day, working harder on a hot afternoon and easing back overnight to suit the rhythm of the day.

Cool air reaches every corner

Ever found something at the back of the fridge that's seen better days? Metal Fresh Tech helps distribute cool air more evenly through the compartment, using a metal duct cover that transfers cooling energy faster. That means more consistent cooling throughout the fridge, helping keep food in good condition wherever it's stored.

Crisp produce for twice as long*

We've all opened the crisper drawer mid-week to find the greens have wilted. The Active Fresh Zone drawer keeps moisture levels consistently high inside the compartment, so your fruit and vegetables stay crisp and full of flavour for twice as long* as they would in a regular drawer. *As certified by VDE N° ID.40046454

Lock in flavour, fast

Super Freeze™ rapidly lowers the freezer temperature, so food freezes faster and forms smaller ice crystals to help maintain texture once thawed. Super Cool helps chill newly added groceries quickly. And with Total No Frost preventing ice build-up, the freezer stays frost-free without the need to defrost.

Connected with SmartHQ™

With Wi-Fi connectivity, you can pre-cool the fridge before a big shop, get an alert if the door's been left open, or switch modes in the SmartHQ™ app. Whether you're at home or away, you can manage your fridge around your routine.
