Width	**830 mm**
Depth	**738 mm**

FEATURES & BENEFITS

More space. Everything in its place

Your grocery haul fits in one trip. With 551L of capacity, fresh food, frozen essentials and everyday favourites sit neatly arranged and easy to reach. An in-door dispenser delivers chilled water and crisp, pure crushed or cubed ice on demand, while four flush doors in fingerprint-resistant black bring a clean, streamlined finish to your kitchen.

Fully sealed ice making for refreshing drinks

With PureSpace Ice, a dedicated, isolated ice-making system helps keep ice separate from food odours, for fresh-tasting ice in every glass. At the door, chilled filtered water, cubed ice and crushed ice are ready whenever the moment calls for them, from busy mornings to family dinners and entertaining.

Energy-efficient cooling, built in

With a 4-star energy rating, it's designed to cool efficiently. The inverter compressor adjusts to the way your home changes through the day, working harder on a hot afternoon and easing back overnight to suit the rhythm of the day.

Keep food fresh for longer

The right conditions make all the difference. Air Fresh Tech helps distribute cooling more evenly throughout the fridge, so everyday food gets more consistent cooling wherever it's stored. In the Active Fresh Zone, humidity is maintained up to 90%, helping preserve fresh produce for longer. Fresh groceries are easier to manage through the week.

Lock in flavour, fast

Super Freeze™ rapidly lowers the freezer temperature, so food freezes faster and forms smaller ice crystals to help maintain texture once thawed. Super Cool helps chill newly added groceries quickly. And with Total No Frost preventing ice build-up, the freezer stays frost-free without the need to defrost.

Shelves that make space

A 2L bottle of milk. A leftover roast still in its dish. The big things you actually buy need space that works around them, so adjustable glass shelves let you shift the layout to suit the shop, not the other way around. Full backlit LED lighting gradually illuminates the interior, washing every corner in an even brightness so everything is easy to see and reach.

Connected with SmartHQ™

With Wi-Fi connectivity, you can pre-cool the fridge before a big shop, get an alert if the door's been left open, or switch modes in the SmartHQ™ app. Whether you're at home or away, you can manage your fridge around your routine.

SPECIFICATIONS

Accessories (sold separately)

Water filter replacement	**868686**
