682L 500 Series Quad Door Refrigerator Freezer

Satina

With 682L of capacity and a 5-star energy rating, this large household fridge keeps fresh food and frozen favourites within reach, with My Zone™ temperature control and Active Fresh Zone for produce that stays fresh for up to twice as long.

- 682L total capacity keeps fresh food and frozen favourites organised
- Choose from three preset My Zone™ temperature settings for drinks, seafood and meat
- Metal Fresh Tech cools fridge evenly; Active Fresh Zone keeps produce fresh for longer
- Wi-Fi connected for remote control and helpful alerts through the SmartHQ™ app

DIMENSIONS

Height	**1790 mm**
Width	**905 mm**
Depth	**738 mm**

FEATURES & BENEFITS

Stocked up. Stays fresh.

For a full week and a full fridge. 682L of capacity gives fresh food, frozen meals and bulk buys their own organised space, so everything stays easier to find through the week. Adjustable glass shelves help make room for a roast, a sheet pan, or a tall jug, while four flush doors in fingerprint-resistant Satina bring a clean, streamlined finish to the kitchen.

Energy-efficient cooling, built in

With a 5-star energy rating, it's designed to cool efficiently. The inverter compressor adjusts to the way your home changes through the day, working harder on a hot afternoon and easing back overnight to suit the rhythm of the day.

Keep food fresh for longer

The right conditions make all the difference. A My Zone™ adjustable-temperature drawer offers three presets for tailored food care, ideal for fruit and vegetables, meat or seafood, or for storing drinks. Metal Fresh Tech helps distribute cooling more evenly throughout the fridge, so everyday food gets more consistent cooling wherever it's stored. In the Active Fresh Zone, humidity is maintained up to 90%, helping preserve fresh produce for up to twice as long*. Fresh groceries are easier to manage through the week. *As certified by VDE N° ID.40046454

Lock in flavour, fast

Super Freeze™ rapidly lowers the freezer temperature, so food freezes faster and forms smaller ice crystals to help maintain texture once thawed. Super Cool helps chill newly added groceries quickly. And with Total No Frost preventing ice build-up, the freezer stays frost-free without the need to defrost.

Clever with capacity

The big things you actually buy need space that works around them, so adjustable glass shelves let you shift the layout to suit the shop, not the other way around. And with interior LED lighting in the fridge, every corner is easy to see, helping keep last week's leftovers from disappearing at the back.

Connected with SmartHQ™

With Wi-Fi connectivity, you can pre-cool the fridge before a big shop, get an alert if the door's been left open, or switch modes in the SmartHQ™ app. Whether you're at home or away, you can manage your fridge around your routine.
