FEATURES & BENEFITS

Considered design

With a modern flat door and horizontal recessed handle, this fridge is designed to fit into common kitchen cavity heights.

Flexible storage

With three easily accessible settings, My Zone adjustable temperature drawer lets you change the conditions to chill drinks or preserve seafood and meat.

Cold Water On Tap

The water dispenser offers easy access to chilled water without the need for plumbing. Its internal water tank is simple to refill.

Even Cooling

Multi-Zone Air evenly circulates cool air to every corner of your fridge. By maintaining a stable temperature, this cooling system creates an ideal food storage environment, for lasting freshness.

Humidity Control System

A Humidity Zone™ drawer maintains the right humidity to help keep your fruit and vegetables fresh and flavourful.

Anti-Bacterial Treatment (ABT) protection

Air is circulated through an advanced ABT filter that kills up to 99.9% of bacteria,* helping to ensure a fresh and hygienic storage environment for your food. *Independently tested to remove greater than 99.99% of Staphylococcus aureus, Escherichia coli, Listeria monocytogenes, Salmonella aertrycke, Shigella sonnet and Yersinia enterocolitica.

Lock In Flavour And Nutrients

Our Super Freeze function cools down your freezer quickly, helping to preserve flavour, texture and nutritional value in your food for the long term.
