Height	**595 mm**
Width	**595 mm**
Depth	**568 mm**

FEATURES & BENEFITS

Steam assisted cooking

Expand your cooking capabilities with two basic steam assist functions, Bake+Steam and Vegetables+Steam. These functions use water poured into the oven cavity to create humidity in your oven, for the perfect crispy crust, deliciously moist cake or crunchy vegetables – cooking evenly and quickly while preserving flavour and nutrients.

Healthier cooking with Air Fry

The options are endless with our dedicated Air Fry oven function. Re-create your favourite fried foods with less oil, or discover healthier recipes with a satisfying crunch.

Specialised oven functions

Bring your culinary creativity to life with the help of 20 oven functions, letting you Dehydrate, Air Fry, steam vegetables, cook Roast that's tender on the inside and golden on the outside, and so much more. This oven gives you ultimate versatility in your cooking.

Intuitive control

An enhanced 4" TFT interface offers intuitive, simple-to-use touch control over your cooking settings. You can also plan and time your cooking effortlessly using the minute timer and delay start, or program the cooking duration.

Elevated design

Strong and absolute, our monochromatic black glass oven can recede into dark kitchen environments or create a point of contrast to lighter tones. A linear square handle adds a refined finish to complement modern kitchen designs.

Considered features

Designed for effortless handling, this oven has telescopic shelf runners, soft open and close hinges, and a quad-glazed glass door that remains safe to touch from the outside.
