

# 97L 300 Series Chest Freezer

A compact chest freezer with flexible cooling, Super Freeze, and a protective inner lining—perfect for everyday use in smaller spaces.

- Switch between fridge and freezer modes with hybrid temperature control
- Even cooling from five sides for lasting freshness
- Antibacterial liner and door seal
- 3.5-star energy rating

## DIMENSIONS

Height	845 mm
Width	545 mm
Depth	500 mm

## FEATURES & BENEFITS

### Cooling that fits

Switch between fridge and freezer modes with hybrid technology—giving you the flexibility to store different types of food, for everyday and seasonal needs.

### Cool faster, ready sooner

Cools from the bottom up to help chill food evenly, so it is ready for you to store food sooner.

### Consistent cooling

Cold air flows from five sides, thanks to an extra cooling element at the base. This helps keep the temperature even throughout the freezer—so your food stays frozen properly, no matter where it’s stored.

### Designed for healthy storage

An antibacterial liner and removable antibacterial lid seal help protect your food and keep the freezer cleaner and more hygienic.

### Stays cold without power

Keeps food frozen for up to 135 hours during a power cut, so you don’t have to worry about it thawing if the power goes out.

### Easy open

Lid stays open between 30°–81°, so you can load and unload comfortably without having to hold it in place.

### SuperFreeze™ function

Our SuperFreeze™ function quickly lowers the freezer temperature to help preserve the flavour, texture and nutritional value of your food.

## SPECIFICATIONS

### Capacity

Volume	97 L
--------	------

### Consumption

Annual energy consumption	170 kWh
Energy rating	3.5 star

### Freezer Features
