6kg 300 Series Top Loader Washing Machine

For simple and effective fabric care, this top loader has an easy-to-load design and a gentle wash action, helping your clothes last longer.

- Gentle on clothes, with a pulsating wash action and new pillow drum design
- Simple touch control panel with easy-to-read dark background
- Automatic load-size and water-level sensing
- Eight versatile wash cycles including Delicate, Heavy and Eco

DIMENSIONS

Height	905 mm
Width	520 mm
Depth	570 mm

FEATURES & BENEFITS

Better Fabric Care Through Innovation

The gentle pulsating wash action uses less water than conventional agitator machines, and a new pillow drum design reduces tangling and abrasion, helping your clothes last longer.

Specialised Wash Cycles

With eight specialised wash cycles for every fabric, including Delicate for a gentle wash, Heavy for larger items, and Eco to save water.

No Interruptions With Auto-Balancing

Advanced auto-balancing technology automatically corrects unbalanced wash loads, for faster, hassle-free washing.

Durable Design

The durable toughened-glass lid is built to handle frequent opening and closing, with a soft-close mechanism for safer use.

Super Fast For Busy Lives

Save time with an Express cycle for last minute items.

Automatic sensors detect the load size and rinse needs for a fast and effective wash.

Hygienic Wash Environment

The stainless steel drum with a dedicated Drum Clean cycle helps to keep your washing machine hygienic and clean by thoroughly washing the drum and drying both inner and outer tubs.
