Depth	**678 mm**

FEATURES & BENEFITS

Reduce Energy by up to 60%*

Keeping on top of your laundry and your energy bills can be tough. This spacious, 9-star energy rating dryer makes it easy. With its 9kg capacity it can handle all those big loads, and with Heat Pump technology recirculating air to dry clothes at a lower temperature, its better for your clothes and the planet. The only thing it's designed to shrink is your annual running costs by up to 60%, compared to a vented dryer*. *Based on kWh consumption displayed in energy labels, electricity price of $0.25 per kWh and compared to Haier Vented Dryer HDV70AWW1.

Reduce Wrinkles with Steam

Refresh with Steam helps reduce wrinkles and smells in clothes, leaving them relaxed and ready to wear without a full wash. It's your new go-to favourite feature for freshening up shirts before heading out.

Dry Your Hand-wash Woollens

A dedicated Wool cycle provides care for your most precious wool items. Being Woolmark Blue Certified, it is designed to gently dry handwash-only garments, helping to protect jumpers or coats from shrinking and stretching.

Extra Protection with Sanitise

Sanitise helps to kill over 99.9% of bacteria*, for extra peace of mind when drying gym gear, baby clothes or bedding. *Independently tested to eliminate greater than 99.9% of staphylococcus aureus and E. coli using the Allergy Care cycle.

Less Tangles with Ultra Reverse Drum

Tired of pulling out a twisted ball of sheets? Haier's Ultra Reverse Drum changes direction during the cycle to help stop sheets from bunching up around a pillowcase. That means fewer tangles and better drying with every load.

14 Cycles Designed for Real Life

With 14 cycles for everything from Bedding to Shirts, this Heat Pump Dryer is built for busy households.
