DIMENSIONS

Height	**900 - 925 mm**
Width	**595 mm**
Depth	**600 mm**

FEATURES & BENEFITS

Room for every recipe

At a standard 60cm width, this cooker combines sleek lines with a modern, thoughtful design that complements any kitchen. Available in Black or Silver Stainless, pair it with a family of matching Haier kitchen appliances to create a seamless and coordinated look.

Get induction using existing wiring*

This compact induction cooktop is the ideal option for replacing your gas or ceramic cooker. With the potential to use existing wiring, this 20A rated Induction Freestanding Cooker supports cost effective installations.

Fast and flexible cooking

Induction provides fast, precise and efficient cooking by heating your cookware directly. The four cook zones respond instantly to temperature changes, and Flexi Zone lets you pair two zones for a larger surface, perfect for searing meats or grilling vegetables.

Specialised oven functions

Cook more of what you love with 11 versatile oven functions, including Pizza, Fan Bake and Air Fry, to recreate your favourite foods with less oil than traditional frying, or explore healthy recipes with a satisfying crunch. Our purpose-built Air Fry tray features vents that help hot air circulate evenly around your food for a crunchy finish, without needing to turn it partway through cooking.

Steam assisted cooking and cleaning

Expand your cooking capabilities with Bakery+Steam. Simply pour water into the cavity at the bottom of the oven, where steam combines with heat to keep dough moist as it rises, creating perfectly crispy crusts and light, fluffy cakes. When you're finished, add some more water and let steam lift away grease and grime for easy cleaning.

Intuitive controls

Robust, sword-style dials are ergonomically designed for a comfortable grip, letting you select the right temperature and function with ease. The built-in touchscreen timer keeps your cooking on track, and partial telescopic runners make it safe and easy to slide hot dishes in and out of the oven.

Cook with confidence

Designed and tested for Kiwi kitchens, this Freestanding Cooker is built with durable materials and reliable Haier technology, supported by a 2-year warranty for added peace of mind.
