- Multi-Zone Air cooling system for consistent airflow to every corner of the fridge

DIMENSIONS

Height	1725 mm
Width	700 mm
Depth	675 mm

FEATURES & BENEFITS

Market-Leading Energy Rating

Introducing New Zealand's first and only** refrigerator with an 8-star energy rating. This fridge operates on 59.9% less energy consumption compared with a 3.5-star refrigerator* without compromising on food care. It combines high efficiency inverter compressor technology and thoughtfully placed vacuum insulated panels to achieve optimal temperature control. Enjoy the power of optimal cooling and freezing while using minimal energy.

*Based on a 3.5-star energy rated refrigerator with 387kWh annual consumption, as per energy label tests.
**As of 4 December 2023.

Considered Design

With a modern flat door and horizontal recessed handle, this fridge is designed to fit into common kitchen cavity heights.

Even Cooling

Multi-Zone Air evenly circulates cool air to every corner of your fridge. By maintaining a stable temperature, this cooling system creates an ideal food storage environment, for lasting freshness.

Humidity Control System

A Humidity Zone™ drawer maintains the right humidity to help keep your fruit and vegetables fresh and flavourful.

Super Freeze

Our Super Freeze function cools down your freezer quickly, helping to preserve flavour, texture and nutritional value in your food for the long term.

Flexibility In Your Kitchen

With a reversible door hinge design, choose whether you want your fridge to open to the left or the right.

Flexible Storage

Easily-adjustable glass shelves allow you to maximise storage to suit your needs.
