| Height | 595 mm |
| Width | 595 mm |
| Depth | 569 mm |

FEATURES & BENEFITS

Elevated Design

Strong and absolute, our monochromatic black glass oven can recede into dark kitchen environments or create a point of contrast to lighter tones. A linear square handle adds a refined finish to complement modern kitchen designs.

Healthier Cooking

The options are endless with our specialised Air Fry oven function. Re-create your favourite fried foods with less oil, or discover healthier recipes with a satisfying crunch.

Let Your Oven Clean Itself

Keep your oven pristine with three effortless self-cleaning functions. Hydro Easy Clean uses steam to break down fat and food residue, while Pyrolytic Self-clean uses a high temperature to remove baked-on grime, also available on Eco for a lighter clean.

Rotisserie Cooking

The clever Rotisserie accessory in our ovens makes it easy to create a succulent roast, rotating to circulate juices evenly. With room to cook vegetables below, you can choose to use the Rotisserie with Bake or Grill cooking functions.

Versatile Oven Functions

With 14 oven functions, you have more options to master a range of dishes. Create a perfect, golden crust with Pastry Plus, or try our specialised Low Temperature function to keep foods tender.

Considered Features

Designed for effortless handling, this oven has telescopic shelf runners and a triple-glazed glass door that remains safe to touch from the outside.

Intuitive Control

An intuitive touch control panel offers simple control over your cooking settings and a seamless finish in your kitchen. Plan and time your cooking effortlessly using the minute timer and delay start, or program cooking duration.
