

8kg 300 Series Heat Pump Dryer

With gentle heat pump technology and auto sensing to prevent over-drying. This dryer can be placed anywhere with no need for venting.

- 15 dry cycles including Delicate, Allergy and Bulky
- Boasting an 8-star energy rating
- Auto-sensing technology helps prevent under and over drying
- Reverse tumble action designed to minimise clothes tangling

DIMENSIONS

Height	845 mm
Width	595 mm
Depth	658 mm

FEATURES & BENEFITS

15 Specialised Dry Cycles

Care for a variety of different fabrics with dedicated dry cycles including Bulky, Baby Care, Wool and Allergy.

Flexible Drying Options

Easily tailor drying to suit your load with five drying options, plus a handy Anti-crease function for less ironing.

8 Star Energy Rating

Energy-efficient drying thanks to heat pump technology. Dry at low temperatures for better care of your clothes.

Dry Clothes, Dry Home

Dries your fabrics effectively without releasing moisture into your home.

Considered Design

This heat pump dryer has been designed to pair with our front loader washing machines. Intuitive buttons and LED display on a dark control panel makes it easy to select between dry cycles.

Auto-Sensing Technology

Auto-sensing technology can detect how much moisture is in your clothes, to help prevent over or under-drying.
